If the corporation assumes the defense, the corporation is not liable to the indemnitee for legal or other expenses subsequently incurred by the indemnitee.
- 4.4 <u>Expense Advances</u>. The corporation shall advance automatically expenses, including attorneys' fees, incurred or to be incurred by an indemnitee in defending a proceeding or legal action upon receipt of notice and, if required by law, of an undertaking by or on behalf of the indemnitee to repay all amounts advanced if it is ultimately determined by final judicial decision (after expiration or exhaustion of any appeal rights) that the indemnitee is not entitled to be indemnified for such expenses.
- 4.5 <u>Settlement of Claims</u>. The corporation is not obligated to indemnify an indemnitee for any amounts incurred in settlement if settlement is made without the corporation's prior written consent. - 4. To issue its bonds for the purpose of carrying out any of its powers.
- 5. To mortgage and pledge any or all of its projects and properties, whether owned or acquired, and to pledge the revenues, proceeds and receipts or any portion of the revenues, proceeds and receipts from a project as security for the payment of the principal of and interest on any bonds so issued and any agreements made in connection therewith.

- 11. Subject to this section, to make loans to any bank, savings and loan institution, credit union or other mortgage lender, whether organized or existing under the laws of this state, another state or the United States, which is qualified to do business in this state, for the purpose of enabling the institutions to make loans to finance the acquisition, construction, improvement or equipping of projects which are owner-occupied single family dwelling units to be occupied by persons of low and moderate income, as determined by the corporation. The purpose of the purchases shall be to finance directly or indirectly the acquisition, construction, improvement or equipping of projects which are owner-occupied single family dwelling units to be occupied by persons of low and moderate income. If the bonds issued to make purchases are not guaranteed or insured by an agency, department or instrumentality of the United States or secured by a letter of credit, insurance policy, surety bond or other credit facility from a financial institution or a combination of such instruments, the purchased loans shall be guaranteed or insured by the United States or any agency, department, or instrumentality thereof, or by any private mortgage insurance or surety company which is approved by the federal home loan mortgage corporation or the federal national mortgage association or secured by a letter of credit, insurance policy, surety bond or other credit facility from a financial institution or a combination of such instruments. - 6. The amounts and types of insurance coverage required on residences, mortgages and bonds.
- 7. The representations and warranties of mortgage lenders confirming compliance with the standards and requirements.
- 8. Restrictions as to interest rate and other terms of mortgage loans and the return realized on mortgage loans by mortgage lenders.
- 9. The type and amount of collateral security to be provided to assure repayment of any loans from the corporation and to assure repayment of bonds.
- 10. Assignment of the mortgage loans to a trustee acting on behalf of the corporation which shall be either a bank or trust company doing business in this state, having an officially reported combined capital surplus, undivided profits and reserves of not less than fifteen million dollars. Trustees must be approved to sell mortgages to and service mortgages for the federal national mortgage association and the federal home loan mortgage corporation.
- 11. Any other matters related to the purchase of mortgage loans or the making of loans to mortgage lenders deemed relevant by the corporation. In establishing standards and requirements, the corporation shall be guided by the following standards:
- (a) The amount of mortgage monies proposed to be made available in the area is to be reasonably related to the demand for mortgage monies.
- (b) For projects of owner-occupied single family dwelling units to be occupied by persons of low and moderate income and financed pursuant to subsection A, paragraphs 11 and 12 of this section, at least ten per cent of all mortgage monies proposed to be made available by the corporations other than mortgage monies reserved for any period to finance mortgage loans on residences located within an area designated as a slum or blighted area as defined in § 36-1471 shall be reserved for at least a three month period for the financing of mortgage loans on manufactured housing unless the Arizona commerce authority determines that any bonds issued to make loans will not be ratable as "A" or better by a nationally recognized bond rating agency, in which case no such reservation is required. If all the mortgage monies reserved for manufactured housing are not committed or used to make mortgage loans during this three month period, the mortgage lender may allocate the remaining monies to finance mortgage loans on any single family dwelling unit.

- (c) Any departure from the level of commitment fees, origination fees or servicing fees normally charged by a mortgage lender is to be justified in the context of the transaction.
- (d) The costs, fees and expenditures associated with the issuance of bonds are to be reasonably related to the services provided.
- **E.** Only corporations, the formations of which have been approved by the governing body of a county having a population of more than seven per cent of the total state population computed according to the most recent United States decennial census or by the governing body of a municipality having a population of more than seven per cent of the total state population computed according to the most recent United States decennial census, shall have the powers granted in subsection A, paragraphs 11, 12 and 13 of this section. Except as provided in § 35-913, subsections E and F, a corporation shall not exercise the powers granted in subsection A, paragraphs 11, 12 and 13 of this section outside of its jurisdiction. For the purposes of a refunding of any mortgage revenue bond issued before January 1, 2000, the proceeds from the refunding may be used outside the jurisdiction of the corporation issuing the refunding bonds except the corporation issuing the refunding bonds shall obtain the consent from another corporation with powers granted in subsection A, paragraphs 11, 12 and 13 of this section if the proceeds of the refunding are to be used within the jurisdiction of that corporation. For the purposes of exercising the powers granted in subsection A, paragraphs 11, 12 and 13 of this section, the jurisdiction of a corporation formed on behalf of a county includes all incorporated and unincorporated territory in the county.
- **F.** A corporation may not permit proceeds of bonds or a qualified mortgage credit certificate program to be used to finance projects which are owner-occupied single family dwelling units within the corporate limits of an incorporated city or town unless the governing body of the city or town has approved the general location and character of the residences to be financed. The corporation, prior to the issuance of bonds or mortgage credit certificates for that purpose, shall give written notice to the governing body of each city or town in which it intends to permit proceeds of an issue of bonds or mortgage credit certificates to be used to finance projects which are owner-occupied single family dwelling units and of the general location and character of the residences which may be financed. The governing body of the city or town shall be deemed to have given its approval unless it has denied approval by formal action of the governing body within twenty-one days after receiving the written notice from the corporation. Approvals given or deemed to have been given with respect to use of proceeds of an issue of bonds or mortgage credit certificates under this subsection may not be withdrawn. Denials may be withdrawn by the governing body of a city or town and approval may be given thereafter if the corporation issuing the bonds or mortgage credit certificates approves the withdrawal of the denial.
- **G.** Two or more corporations with the powers granted by subsection E of this section may provide:
- 1. That a corporation, the formation of which was approved by the governing body of a county or city, may exercise the powers granted in subsection A, paragraphs 11, 12 and 13 of this section, with respect to owner-occupied single family dwelling units located in all counties and cities which are parties to a cooperative agreement.
- 2. For the joint exercise by two or more corporations, each formed with the approval of a governing body executing the cooperative agreement, of the powers granted in subsection A, paragraphs 11, 12 and 13 of this section, with respect to owner-occupied single family dwelling units located in all counties and cities which are parties to the cooperative agreement. The agreement shall specify the calendar year or years for which it is effective, the means by which the agreement may be terminated prior to the expiration of the calendar year or years and the aggregate principal amount of bonds which may be issued by the designated corporation or corporations to exercise the powers pursuant to the agreement. The corporation or corporations designated in the agreement to exercise the powers in the counties and cities which are parties to the agreement are the only

corporation or corporations authorized and having jurisdiction to exercise the powers and to issue bonds to carry out the powers in the counties and cities while the agreement is in effect. The combined jurisdictions of all the counties and cities which are parties to the cooperative agreement are the jurisdictions of the corporation or corporations designated to exercise the powers granted in subsection A, paragraphs 11, 12 and 13 of this section within the meaning of the mortgage subsidy bond tax act of 1980 (P.L. 96-499; 26 United States Code section 103A).

- **H.** It shall not be a conflict of interest under title 38, chapter 3, article 8, and this chapter, <sup>2</sup> for any trustee or any mortgage lender to enter into loan agreements with, or to sell mortgage loans to, the corporation as contemplated in subsection A, paragraphs 11, 12 and 13 of this section, act for or under contract with the corporation as a mortgage originator, servicer, paying agent or depository, act as holder or dealer of bonds of the corporation or have as a director, officer or employee any member of the board of directors of the corporation or any combination.
- **I.** The department of economic security shall once in each calendar year on or before March 1 determine the median family income of this state for the purposes of this chapter.
- **J.** All areas in this state which are either designated pursuant to § 36-1479 as slum or blighted areas as defined in § 36-1471 or designated as pockets of poverty by the United States department of housing and urban development are designated as areas of chronic economic distress within the meaning of the mortgage subsidy bond tax act of 1980 (P.L. 96-499; 26 United States Code section 103A).
- K. Any corporation that is described in subsection E of this section and that desires to exercise the powers granted in subsection A, paragraphs 11, 12 and 13 of this section, with respect to owner-occupied single family dwelling units located in two or more counties, may do so if the corporation, before issuing bonds or mortgage credit certificates for that purpose, gives written notice to the governing bodies of the other counties and their respective corporations, if any, of its intent to permit the proceeds of an issue of bonds or mortgage credit certificates to finance projects within its jurisdiction which are owner-occupied single family dwelling units. The governing body of a county and its respective corporation, if any, which have been given notice are deemed to have approved the use of the proceeds or mortgage credit certificates for owner-occupied single family dwelling units within their jurisdiction and approved the use of any state ceiling, as defined in § 35-901, unless approval is denied by formal action of the governing body or the board of directors of the corporation, if any, within twenty-one days after receiving written notice from the corporation. Absent a denial of approval as stated in this subsection, a cooperative agreement providing for the exercise of the powers granted in subsection A, paragraphs 11, 12 and 13 of this section is deemed to exist among the applicable counties or corporations. Approvals given or deemed to have been given with respect to the matters stated in this subsection may not be withdrawn. Denials by the governing body of a county apply only to the unincorporated areas of the county. Denials may be withdrawn by the governing body of a county and approval may be given thereafter if the corporation issuing the bonds or mortgage credit certificates approves the withdrawal of the denial. Mortgage credit certificates and bond proceeds issued pursuant to this subsection shall be available on an equitable basis within each of the participating counties.

A.R.S. § 35-721

§ 35-721. Bonds of the corporation

Effective: September 21, 2006 Currentness

- **A.** All principal and interest of bonds issued by the corporation shall be payable solely out of the revenues, proceeds and receipts derived from the corporation's sale of property, loan repayments or lease rentals, or out of the proceeds of bonds issued hereunder, or of any revenues, proceeds and receipts thereof as shall be specified in the proceedings of the board of directors under which the bonds shall be authorized to be issued.
- **B.** The proceedings under which such bonds are to be issued shall require the approval of the governing body of each issuance of bonds.
- **C.** The bonds prescribed by subsection A may:
- 1. Be executed and delivered by the corporation at any time and from time to time.
- 2. Be in such form and denominations and of such tenor and maturities.
- 3. Be in registered or bearer form either as to principal or interest or both.
- 4. Be payable in such installments and at such time or times not exceeding forty years from the date thereof.
- 5. Be payable at such place or places within or without the state of Arizona.
- 6. Bear interest at such rate or rates, payable at such time or times and at such place or places and evidenced in such manner.
- 7. Be executed by such officers of the corporation and in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the board of directors whereunder the bonds are authorized to be issued.
- **D.** If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the corporation are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings

and as may be briefly recited on the face of the bonds, but nothing in this article shall be construed to confer on the corporation any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued.

E. Any bonds of the corporation may be sold at public or private sale in such manner and from time to time as may be determined by the board of directors of the corporation to be most advantageous, and the corporation may pay all expenses, premiums and commissions which its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the corporation of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same project or any other project, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the corporation at any time outstanding may at any time and from time to time be refunded by the corporation by the issuance of its refunding bonds in such amount as the board of directors may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in connection with the same projects or separate projects, and regardless of whether or not the bonds proposed to be refunded shall be payable at the same date or different dates or shall be due serially or otherwise. All such bonds and the interest coupons applicable thereto are hereby made and shall be construed to be negotiable instruments.

**F.** The corporation shall notify the attorney general of its intention to issue bonds. Such notification shall adequately describe the project. The attorney general shall inform the corporation within ten days if in his opinion the project sought to be financed does not come within the purview of this chapter. If after ten days the attorney general has not issued an opinion that the project does not so conform, the corporation may issue such bonds. If the attorney general's negative opinion is issued within ten days, such bonds shall not be issued. No action shall be brought questioning the legality of any contract, lease, mortgage, proceedings or the issuance of bonds hereunder from and after ninety calendar days from the date the bonds are authorized to be issued by the governing body.

Effective: September 13, 2013

A. Bonds shall not be issued by a corporation for the purpose of financing single family dwelling units pursuant to § 35-706,
subsection A, paragraph 11 or 12 without approval of a general plan by its governing body. The corporation shall submit a
general plan for each respective series of bonds to its governing body. The general plan shall briefly describe:

- 1. The amount of the proposed bonds.
- 2. The maximum term of the bonds.
- 3. The maximum interest rate on the bonds.
- 4. The need for the bond issue.
- 5. The terms and conditions for originating or purchasing mortgage loans or making loans to lenders.
- 6. The area in which the single family dwelling units to be financed may be located.
- 7. The proposed fees, charges and expenditures to be paid for originators, servicers, trustees, custodians, mortgage administrators and others.
- 8. All insurance requirements with respect to mortgage loans, mortgaged property, mortgagors, originators, servicers and trustees.
- 9. The anticipated date of issuance of the bonds.
- **B.** The governing body shall review general plans submitted by corporations pursuant to subsection A of this section. In reviewing the plans the governing body shall consider:

- 1. Whether the amount of the mortgage monies proposed to be made available is reasonably related to the demand for the mortgage monies.
- 2. Whether the terms of the general plan are justifiable in the context of the transaction and in the context of similar transactions.
- 3. Whether the fees, costs and expenditures as set forth in the general plan are reasonably related to the services provided.
- 4. For projects of owner-occupied single family dwelling units to be occupied by persons of low and moderate income and financed pursuant to § 35-706, subsection A, paragraphs 11 and 12, whether the proposed mortgage monies to be made available will fulfill a public purpose by providing housing for persons of low and moderate income or by encouraging single family developments in all participating jurisdictions, including such jurisdictions' slum or blighted areas as defined in § 36-1471.
- C. The governing body shall approve or disapprove the general plan not later than thirty days after receipt of the plan. If the governing body does not act upon the general plan within thirty days from the date of receipt, the general plan shall be deemed approved. If a general plan is approved, the corporation may issue the series of bonds covered by the general plan with a total principal amount, maximum term and maximum interest rate no greater than that which is set forth in the general plan. The origination and servicing fees pertaining to mortgage loans to be financed in accordance with the general plan shall not exceed those proposed in the general plan. The corporation may vary other items in the general plan upon a finding that the variation is minor and that the variations will not impair the security for the bonds or substantially increase the cost of financing the single family dwelling units and the findings of the corporation shall be conclusive.
- **D.** The governing body may charge any corporation submitting a general plan for review a fee of not to exceed ten thousand dollars together with reimbursement of its actual costs and expenses incurred in reviewing the general plan.
- **E.** Except for a corporation approved by a governing body of a county or a municipality having a population of more than seven per cent of the total state population computed according to the most recent United States decennial census, a corporation shall not issue bonds, other than refunding bonds the proceeds of which are used exclusively to refund a prior bond issue, to finance a multifamily residential rental project, sanitarium, clinic, medical hotel, rest home, nursing home, skilled nursing facility or life care facility as prescribed in § 20-1801, unless the department approves the project. The department, with or without a hearing, shall review the project and consider at least the following factors:
- 1. The demand for and feasibility of the project in the area set forth in the application to the corporation.
- 2. The terms and conditions of the proposed bonds.
- 3. The proposed use of bond proceeds.
- 4. The benefit to the public if the project provides rental housing for persons of low and moderate income or encourages rental housing in slum or blighted areas as defined in § 36-1471.

- 5. If the project consists of a nursing home, or a life care facility as prescribed in § 20-1801, the benefit to the public of the project, including the proposed rent, fees and other charges of the project in relation to the level of services to be offered.
- **F.** Subsection E of this section does not apply to bonds issued to finance a sanitarium, clinic, medical hotel, rest home, nursing home, skilled nursing facility, or life care facility as prescribed in § 20-1801, if the facility is to be owned and operated by this state or a political subdivision or agency of this state.
- **G.** Except for a corporation that is exempt under subsection E of this section, the department with or without a hearing shall approve or disapprove the project not later than thirty days after receipt of the request for approval. If the project is approved the corporation may issue the bonds described in the approval request with the total principal amount, maximum term and maximum interest rate no greater than as set forth in the request. The department shall charge each applicant submitting a project approval request pursuant to this subsection a fee of not to exceed five thousand dollars together with reimbursement of its actual costs and expenses incurred in reviewing the project. Beginning on October 1, 2002, the department shall remit the fees to the state treasurer for deposit in the Arizona department of housing program fund established by § 41-3957.

This document sets forth the general ethics policy (the "Policy") of the Phoenix IDA. The Policy is intended to clarify our standard of conduct. It makes clear that the Phoenix IDA expects its Board of Directors, Chief Executive Officer, and employees to understand the ethical considerations associated with their actions and to conduct business with integrity and without deception.

The City of Phoenix adopted the "City of Phoenix Ethics and Gift Policies" codified in the City Code, Ch. 2, Art. II, §2-52. Upon appointment to the Phoenix IDA, each member of the Board of Directors of the Phoenix IDA agreed to comply with the City of Phoenix Ethics and Gift Policies. The Phoenix IDA formally adopts the following policies:

#### A. ATTENDANCE

If a member fails to attend three consecutive regular meetings, or more than 50% of all meetings of the Board of Directors held over a calendar year period, the City Council may declare the seat vacant and appoint a replacement. See City Code, Art. 1 §2-14.

**Comment:** Members of the Board of Directors are expected to attend all regularly scheduled meetings and should make every effort to do so. The City Council appointed each member of the Board for each member's experience, background and perspective in a particular policy area, and wants the benefit of each member's consideration and judgment. Moreover, the Board of Directors shall not conduct any business unless a quorum is present. Accordingly, if a member of the Board of Directors must miss a meeting because of business, vacation or illness, please advise the chairperson of the Board of Directors or Committee of the Board of Directors and the Chief Executive Officer in advance of the meeting.

#### **B. CONFLICTS OF INTEREST**

As a political subdivision of the State of Arizona, the Phoenix IDA is subject to and must comply with Arizona's Conflict of Interest Laws. The Phoenix IDA considers conflicts of interest a very important ethical consideration that requires its own detailed policy. (See Governance Policy No. 101)

#### C. CONTRACTS WITH THE CITY

Arizona law prohibits any member of the Board of Directors, the Chief Executive Officer or employee of the Phoenix IDA who has, or whose relative has, "a substantial interest in any contract, sale, purchase, or service to" the Phoenix IDA from participating in any way with the transaction. See A.R.S. §38-503 (A).

**Comment:** As with other conflicts of interest, any member of the Board of Directors, the Executive Director or employee of the Phoenix IDA in such a situation must (i) make known the substantial interest involved, and (ii) refrain from voting upon or otherwise participating in the transaction or the making of such contract or sale.

#### D. DISCLOSURE OF CONFIDENTIAL INFORMATION

Arizona law provides that, during an individual's employment or service with the Phoenix IDA and for two years thereafter, no such individual may disclose or use confidential information without appropriate authorization. See A.R.S. §38-504(B). "Confidential information" means any and all information which is not generally known but which becomes known as a consequence of the individual's employment or service with the Phoenix IDA, whether relating to the Phoenix IDA or a third party, whether oral or in writing, and whether or not marked "confidential", "proprietary" or "private." "Confidential information" does not include: (i) information that was generally available to the public at the time of disclosure; (ii) information that later becomes publicly known other than through the individual's actions; or (iii) information that was already known to the individual before he/she learned it from or through his/her relationship with the Phoenix IDA. Moreover, if during the individual's employment or service with the Phoenix IDA, such individual learns information that constitutes a trade secret, he/she shall be obligated to maintain the secrecy of the information for so long as the information constitutes a trade secret,

but in no case for less than two years after the employment or service ends, unless the Phoenix IDA authorizes him/her to reveal information.

**Comment:** Members of the Board of Directors, the Chief Executive Officer and employees of the Phoenix IDA may have access to important non-public information regarding the property, operations, policies or affairs of the Phoenix IDA and/or of the City of Phoenix. Such information may concern real estate transactions, expansion of public facilities or other City projects. The leaking of this inside information may benefit a few at the expense of a possible monetary loss to the Phoenix IDA or the City and a deterioration of public confidence. If a member of the Board of Directors, the Chief Executive Officer or employee of the Phoenix IDA are privy to confidential information, such individual may not disclose that information to any private citizen and should disclose it to other public employees only on a "need to know" basis.

#### E. DISCRIMINATION

Chapter XI, Section 2 of the City Charter provides: "No person shall be appointed to, removed from or in any way favored or discriminated against with respect to any city position because of race, color, ancestry, national origin, sex, political or religious opinions or affiliations." Illegal discrimination on the basis of sexual orientation, gender identity or expression, age, marital status, pregnancy, disability, citizenship status, veteran status, or military obligation or any other basis prohibited by law is also forbidden. Harassment on the basis of sex is a violation of Title VII of the U.S. Civil Rights Act of 1964, as amended. The United States Equal Employment Opportunity Commission (EEOC) defines sexual harassment as "unwelcome" sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: 1) submission to such conduct is made wither explicitly or implicitly a term or condition of an individual's employment; 2) submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual; or 3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

**Comment:** All people must be recognized, honored and mutually respected. The United States and Arizona Constitutions, as well as numerous federal, state and local laws, outlaw various forms of discrimination. The Phoenix IDA should

make available to every person – whether they are applying for a Board position or employment position of the Phoenix IDA – every consideration, treatment, and advantage or favor that is the general practice to make available to all citizens. The equality of opportunity to enter into public service, besides being the object of various federal, state and local laws, is a central factor in achieving efficient public service and good morale. The Phoenix IDA promotes an environment where all members, employees and citizens are respected and valued.

#### F. EMPLOYMENT

1. Representing Private Interests Before the Phoenix IDA: For twelve months following the termination of a person's service as a member of the Board of Directors, or employment with the Phoenix IDA, Arizona law prohibits such individuals from representing another person for compensation before the Phoenix IDA concerning any matter with which that individual, during their time of service to the Phoenix IDA, was directly concerned and personally participated in by a substantial and material exercise of administrative discretion. See A.R.S. §38-504(A).

**Comment:** Members of the Board of Directors, the Chief Executive Officer and employees of the Phoenix IDA may appear before the Phoenix IDA on behalf of constituents in the course of performing duties as a representative of the electorate or in the performance of public or civil obligations, as long as they are not representing any private person, group or interest for compensation that is contingent on such activity.

 Employment of Relatives: Arizona law prohibits members of the Board of Directors, the Chief Executive Officer and employees of the Phoenix IDA from being involved in the appointment, hiring or supervision of a relative. See A.R.S. §38-481 and A.R. §2.91.

**Comment:** Because hiring and supervising a relative is a special type of a conflict of interest, it must be avoided.

### G. GIFTS, FAVORS AND EXTRA COMPENSATION

Neither any member of the Board of Directors, the Chief Executive Officer or any employee of the Phoenix IDA shall accept any gift, service or favor that would lead toward favoritism or the appearance of favoritism in any way.

Comment: Board Members or employees of the Phoenix IDA should not accept gifts (monetary or otherwise, such as a service, loan, thing or promise), gratuities, or favors from anyone for the performance of acts within the regular course of official duties. Board Members and employees of the Phoenix IDA should refuse any gifts or favors that reasonably may be interpreted to have been offered in order to influence a Phoenix IDA decision. Compensation for a Phoenix IDA employee performing that employee's duty is limited to salaries, fringe benefits and any personal satisfaction that such person may derive from doing a good job. While a Board Member or employee of the Phoenix IDA is the first to decide whether to accept any gift, such person must recognize that others will decide if there is "the appearance of favoritism" for such person having accepted a gift. Finally, Board Members and employees of the Phoenix IDA should be wary of accepting any gifts or benefits from individuals doing business with the Phoenix IDA or the City or whose financial interests are affected by Phoenix IDA action.

1. Board Members and employees of the Phoenix IDA must consider ethical principles before accepting personal gifts of entertainment and sports/athletic activities.

**Comment:** After the above gift policy is applied, if a Board Member or employee of the Phoenix IDA accepts the entertainment or sports/athletic activity gift and does not pay for it, such Board Member or employee must declare the gift with the President of the Board, within two working days, using a "Declaration Form." Gifts must be declared regardless of whether the gifts are actually used by the Board Member or employee. If the President of the Board accepts the entertainment or sports/athletic gift and does not pay for it, the President must declare the gift with the Vice President of the Board.

There are three examples of gifts that do not require declaration:

- a. A personal gift from a friend or relative, unless that friend or relative has done business with the Phoenix IDA, is doing business with the Phoenix IDA or is seeking to do business with the Phoenix IDA.
- b. Winning or receiving a promotional gift from a community business, where the opportunity to win/receive the gift is open to the community in general.
- c. Board Members or employees of the Phoenix IDA who pay for a ticket or elect to make a charitable contribution in the name of the donor for the face value of the gift do not need to file a declaration.
- d. Acknowledgements of voluntary service from the Phoenix IDA.
- e. All other gifts accepted must be declared regardless of whether the Board Member or employee of the Phoenix IDA personally used the gift.

#### H. POLITICAL ACTIVITY

As citizens, Board Members and employees of the Phoenix IDA can and should exercise their rights to register and vote in all elections including City elective offices. The City Attorney, in opinion No. 60-012, determined that the provisions of Chapter XXV, Section 11 of the City Charter, do not apply to citizen members of City boards and commissions and, therefore, Board Members may participate in political campaigns for City elective officials.

#### I. PUBLIC ACCESS: OPEN MEETINGS AND PUBLIC RECORDS

Numerous Arizona and City laws require that meetings of public bodies be open to the public and that public records be available for inspection. See Open Meeting Laws (A.R.S. §§38-431 through 431.09 and City Charter Ch. 4 & 5) and Public Records Laws (A.R.S. §§39-121 through 121.03 and City Charter Ch. 4 & 21).

Comment: As declared in state statute, it is the official public policy of Arizona that meetings of public bodies be conducted openly. Also, Arizona law allows

broad access to public records. Open government gives the public confidence that public affairs are being performed properly.

#### J. USE OF EQUIPMENT, FACILITIES, OR PERSONNEL FOR PRIVATE GAIN

Members of the Board of Directors, the Chief Executive Officer and employees of the Phoenix IDA should not use Phoenix IDA or City facilities, equipment, personnel or supplies for private purposes, except to the extent they are lawfully available to the public.

Comment: Public respect for its government is weakened when Phoenix IDA-owned or City-owned facilities and equipment are used by members of the Board of Directors, the Chief Executive Officer or employees of the Phoenix IDA for personal gain. Phoenix IDA or City office supplies, work materials and equipment are to be used only for the Phoenix IDA work. Taking Phoenix IDA or City goods for private use is not a "fringe benefit," it is stealing. See A.R.S. §13-1802. Also, it is improper (and maybe unlawful) for supervisors to use subordinates for their personal benefit. Finally, members of the Board of Directors, the Executive Director and employees of the Phoenix IDA should avoid waste of public supplies and equipment.

#### **K. WHISTLEBLOWER POLICY**

The Phoenix IDA promotes ethical conduct, transparency and compliance with the law. Should any individual know of, or have a suspicion about, illegal or unethical conduct in connection with the finances or other aspect of the Phoenix IDA's operations, that individual should inform the President of the Board of Directors. If the alleged wrongdoing concerns the President, then another officer or director of the Phoenix IDA should be notified instead.

Should the President or another officer or director of the Phoenix IDA receive information regarding alleged illegal or unethical conduct in connection with the finances or other aspect of operations, those officers or directors shall inform the full Board of Directors. The Board of Directors shall investigate all credible allegations at all times respecting the privacy and reputation of individuals involved.

This document sets forth the conflict of interest policy (the "Policy") of The Industrial Development Authority of the City of Phoenix, Arizona (the "Phoenix IDA"). The Policy is intended to guide the Phoenix IDA's Board of Directors, the Chief Executive Officer, and Phoenix IDA employees whenever a director, officer or management has a financial or personal interest in any matter coming before the board of directors, thus achieving the highest level of transparency and accountability.

#### A. CONFLICT OF INTEREST AND INDUCEMENT

Members of the Board of Directors of the Phoenix IDA, the Chief Executive Officer, and employees of the Phoenix IDA are prohibited from receiving compensation of any kind from vendors, realtors, brokers, contractors, mortgage lenders, clients, or any similar entities or individuals for the purpose of receiving preferential treatment of any kind.

"Kickback" means any money, fee, commission, credit, gift, gratuity, object of value, offer of employment, or compensation of any kind which is provided, directly or indirectly, to any member of the Board of Directors, the Chief Executive Officer or Phoenix IDA employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with grant assistance programs, client referrals or contacts.

The Phoenix IDA prohibits members of the Board of Directors, the Chief Executive Officer and any Phoenix IDA employee from soliciting, accepting, or attempting to accept any kickbacks. The Phoenix IDA also prohibits vendors, realtors, brokers, contractors, mortgage lenders, clients, or any similar entities or individuals from providing or attempting to provide any kickbacks to members of the Board of Directors, the Chief Executive Officer or Phoenix IDA employees.

Phoenix IDA employees will be immediately terminated from employment if it is determined that they are soliciting, accepting, or attempting to accept any kickbacks. Any vendors, realtors, brokers, contractors, mortgage lenders, clients, or any similar entities or individual in violation of this Policy will be prohibited from doing business with the Phoenix IDA. Finally, individuals or entities determined to be engaging in kickback practices may also be subject to additional civil or criminal penalties as provided under Arizona State Revised statutes and U.S. law.

#### **B. CONFLICT OF INTEREST**

Situations of actual or potential conflict of interest are to be avoided by all members of the Board of Directors, the Chief Executive Officer and employees of the Phoenix IDA. A conflict of interest may exist when any such individual's personal activities or financial affairs adversely influence such individual's judgment or performance of duties for the Phoenix IDA. An actual or potential conflict of interest occurs when such an individual is in a position to influence a decision that may result in a personal gain for that individual or for a relative or friend as a result of the Phoenix IDA business dealing. Personal involvement with a competitor, supplier or subordinate employee of the Phoenix IDA, which impairs an employee's ability to exercise good judgment on behalf of the Phoenix IDA, creates an actual or potential conflict of interest.

Except for gifts allowed under subsection G of the "General Ethics Policy: Gifts, Favors, and Extra Compensation," no gifts or gratuities, unless deemed to be of minimal value, shall be accepted by the Chief Executive Officer, staff or any member of the Board of Directors from any individual or businesses that is in any way associated with the Phoenix IDA. For purposes of this paragraph, minimal value shall be deemed as \$25.00.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Phoenix, Arizona October 15, 2020

We, The Industrial Development Authority of the City of Phoenix, Arizona (Phoenix IDA), are pleased to provide an overview of our financial activities for the fiscal year ended June 30, 2020. The Management's Discussion and Analysis (MD&A) is intended to provide an objective and easy to read analysis of the Phoenix IDA's financial activities based on currently known facts, decisions, and conditions. This discussion addresses current operational activities, the sources, uses, and changes in resources, service levels, limitations, and significant economic factors. When referring to prior year data in this analysis that data is drawn from last year's audited financial report.

#### **FINANCIAL HIGHLIGHTS**

- ♦ The assets of the Phoenix IDA exceeded its liabilities at the close of the most recent fiscal year by \$29,575,607 (net position). Of this amount, \$2,460,447 is invested in Phoenix IDA's capital assets and the remaining amount is unrestricted, of which \$1,573,377 may be used to meet the Phoenix IDA's ongoing obligations to citizens and creditors. The Phoenix IDA board has designated \$25,541,783 for operating reserves, community development fund awards, and a fund for community investments where a return is expected on those investments.
- During the fiscal year, net position decreased by \$599,418 compared to a decrease in the previous year of \$560,472. As in previous years, sources of revenue include residential mortgage program income, which increased by \$1,203,288 during the fiscal year. The decreases are attributable to an increase in community development fund awards of \$1,854,250 made during the fiscal year.
- The Phoenix IDA has typically supported various nonprofit entities through competitive application for funding. In March 2020, with the onset of COVID-19 and the effect on the nonprofit and small business communities, a shift was made in award funding. Almost \$1.9 million was redirected to impact these groups by the end of May 2020, creating the AZ COVID-19 Community Relief Fund with Arizona Community Foundation to receive money from other donors and distribute it. All of these awards are included in the community development fund awards discussed above. In addition, working with the City of Phoenix, as authorized by the City Council, an additional \$655,000 was added to the fund in June 2020 from the \$2.5 million CARES monies received by the City and placed with the Phoenix IDA as a fiduciary of those funds.
- ♦ The Phoenix IDA undertook two other initiatives during the fiscal year related to COVID-19. Since the beginning of the pandemic, the Phoenix IDA paused loan payments from nonprofit borrowers on direct loans and in collaboration with our community lending partners. Phoenix IDA was also asked by Prestamos Community Development Finance Institution in April 2020 to loan them \$5.5 million to support their Small Business Administration Paycheck Protection Program (PPP) lending efforts. As a community development financial institution, Prestamos is certified to serve small businesses in low-income communities as well as minority and womanowned businesses. The bridge loan to Prestamos was repaid in full in June 2020, as they were able to obtain longer-term funding. Prestamos' PPP loans provided 121 loans with an average loan size of \$26,000 to Phoenix small businesses (averaging 4 employees) and more to businesses across Arizona.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the financial statements for the Phoenix IDA consists of this discussion and analysis and the basic financial statements. The basic financial statements include the fund financial statements and notes to the basic financial statements.

#### **Fund Financial Statements**

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, the Phoenix IDA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Unlike most other governments, which have multiple funds, all of the Phoenix IDA's activities are business-type activities and are accounted for in a single proprietary fund.

#### **Proprietary Fund**

The Phoenix IDA maintains its accounting records in a single enterprise fund. Enterprise funds are used to report functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The Phoenix IDA uses an enterprise fund to account for its operations.

The statement of net position presents information on the Phoenix IDA's assets and liabilities, with the difference between the two reported as "net position." Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the Phoenix IDA is improving or deteriorating.

The statement of revenues, expenses, and changes in net position presents information on how the Phoenix IDA's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows in future fiscal periods.

The basic financial statements can be found on pages 9 - 11 of this report.

### **Fiduciary Fund**

Fiduciary funds are used to account for resources held for the benefit of parties outside the entity. Fiduciary funds are not reflected in the Phoenix IDA's financial statements because the resources of those funds are not available to support the Phoenix IDA's own programs. The fiduciary funds are custodial in nature and do not present results of operations or a measurement focus.

The basic fiduciary fund financial statement can be found on page 12 of this report.

#### **Notes to Financial Statements**

The notes to basic financial statements (pages 13 - 23) provide additional information that is essential to a full understanding of the data provided in the basic financial statements and should be read with the basic financial statements.

### **Financial Analysis**

Net position may serve over time as useful indicators of a government's financial position. The following table reflects the condensed statement of net position of the Phoenix IDA for June 30, 2020 and 2019 showing that assets exceeded liabilities by \$29,575,607 and \$30,175,025 respectively.

Phoenix IDA has \$2,460,447 invested in capital assets and the remaining amount of \$27,115,160 is unrestricted at June 30, 2020. The \$25,541,783, as discussed above, is designated for operating reserves, community development fund awards, and a fund for community investments where a return is expected on those investments.

Overall, 2020 net position decreased by \$599,418. Key elements of this decrease are as follows:

The Phoenix IDA's major revenue source has been residential mortgage program income which increased by \$1,203,288 or 496.5% during the fiscal year. This increase is attributable to increased volume in the Home in Five Advantage mortgage origination program from a March 2019 change to the professionals used in the program, reducing the interest rates for homebuyers.

The operating expenses of the Phoenix IDA for 2019 increased by \$1,799,504 or 55.8%. This increase is mostly attributable to a \$1,854,250 increase in community development fund awards made by the Phoenix IDA during the fiscal year.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

- Economic growth in Arizona in the second quarter of 2020, as measured by personal income, grew faster than the national average, for the fifth fastest growth in the nation, with the Phoenix Metropolitan and Statistical Area (Phoenix MSA) remaining the primary engine. The Phoenix MSA outpaces the statewide figures in nearly every economic measure, including job growth, wage increases, and the drop in unemployment figures. The state economy continues to expand and growth is likely to continue as long as the nation avoids recession. The forecast calls for state growth to pick up speed over the next five years, with gains across most indicators far exceeding national results (https://www.azeconomy.org).
- The United States Census Bureau reports that the City of Phoenix's population increased by 1.6% from July 2018 to July 2019, and 16.3% since the 2010 census (www.census.gov). The unemployment rate in the Phoenix MSA in August 2020 was 5.9%, which equals the state average of 5.9% and is substantially lower than the national average of 8.4% (https://www.azcommerce.com/oeo).
- As reported by the U.S. Census Bureau, City of Phoenix's population increased 9.9% from 2000 to 2010, which is higher than the United States' overall population increase of 9.7% for the same time period (www.census.gov).

The Phoenix IDA will continue to generate revenue from the Home in Five Advantage mortgage origination program. The program has experienced great success and continues to be a successful tool for homebuyers in Maricopa County, including the city of Phoenix. The current program has provided down payment and closing cost assistance for low to moderate income homebuyers with government backed (FHA and VA) as well as conventional loans. The program also provides an additional 1% assistance to qualified military homebuyers, first responders, income-qualifying households (below 50% AMI), and full-time teachers in pre-K-12.

The Phoenix IDA anticipates continued growth in bond financings, with a focus on health care, education, and manufacturing. This growth, offset by the regular redemption of bonds, should result in a little or no change in bond fees in Fiscal Year 2020-21. Application and other fees should be consistent with past years. Investment earnings are difficult to predict; however, we expect rates and earnings to continue at the low levels that existed at the end of the prior fiscal year during the upcoming fiscal year.

The operating expenses of the Phoenix IDA continue to be managed in a fiscally prudent manner. Expenses will increase in Fiscal Year 2020-21 due to general cost increases with a continuing focus on increasing communications with constituents and others with interest in the Phoenix IDA. There may be additional community development fund dollars awarded by the Phoenix IDA in Fiscal Year 2020-21. These dollars are contingent on operating income of the Phoenix IDA during the fiscal year.

In March 2020, the onset of COVID-19 affected our community in ways we are all still working on understanding. Needs and priorities changed nearly overnight. The Phoenix IDA was able to work with the Arizona Community Foundation to create the AZ COVID-19 Community Relief Fund, providing a process with reasonable standards to help a substantial number of nonprofits and small businesses. We expect this to continue well into Fiscal Year 2020-21. In June 2020, the City Council of the City of Phoenix authorized a total of \$5 million from CARES monies received by the City to be placed with the Phoenix IDA as a fiduciary of those funds, of which more than \$4.3 million is expected to provide much needed help through the AZ COVID-19 Community Relief Fund in the upcoming fiscal year. The Phoenix IDA will continue to evaluate new opportunities and additional funding to assist in the stability and growth or our community.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

The Industrial Development Authority of the City of Phoenix, Arizona (Phoenix IDA) is a nonprofit corporation designated a political subdivision of the state of Arizona. The Phoenix IDA was established on July 7, 1981 in order to exercise its broad statutory powers, including the power to issue conduit revenue bonds to finance "projects" as such term is defined by the Arizona Revised Statutes, §35-701(8). All bonds issued by the Phoenix IDA are special, limited obligations of the Phoenix IDA, payable solely from revenues generated by the project being financed, and do not constitute a debt of, a loan of, or credit by, the Phoenix IDA. The Phoenix IDA charges administration fees to bond applicants and uses such fees to cover its administration costs and to support its ongoing community and economic development programs in Arizona. The Phoenix IDA is a special-purpose governmental entity engaged in business type activities. The Phoenix IDA is the primary governmental entity but has no taxing power and is a component unit of the City of Phoenix, Arizona.

The Phoenix IDA has one single blended component unit, the Phoenix IDA Real Estate Holdings Corporation (Corporation). The Corporation is included as a blended component unit because the Corporation is organized for the exclusive purpose of acquiring, holding title to, and collecting income from real property, and remitting the entire amount of income from such property (less expenses) to the Phoenix IDA.

#### **Basis of Accounting**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### **Use of Estimates in Preparing Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements. Such estimates and assumptions affect the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, the Phoenix IDA evaluates its estimates and assumptions based upon historical experience and various other factors and circumstances. Management believes that its estimates and assumptions are reasonable under the circumstances; however, actual results may differ from those estimates.

#### **Fund Accounting**

The Phoenix IDA reports in a manner consistent with proprietary funds for their ongoing operations and activities, which are similar to those often found in the private sector. Enterprise funds are the only type of proprietary funds used by the Phoenix IDA. Enterprise funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Fund Accounting (Continued)**

Additionally, the Phoenix IDA reports the following fund type:

The *Agency Fund* is custodial in nature and does not present results of operations or a measurement focus and is described as follows:

The Arizona Coronavirus Relief Fund accounts for donations received to aid in the response and recovery efforts related to the COVID-19 pandemic but held by the Phoenix IDA as an agent.

#### **Revenue Recognition**

A significant portion of the Phoenix IDA revenue is derived from issuer fees related to its bond issuances activity and includes assessment fees, program fees, and application fees. Issuer fees are based on executed Trust Indenture/Loan Financing Agreements and are recognized as revenue when earned. Other significant revenue is derived from fees earned from a down payment assistance program through sales of mortgage-backed securities.

#### **Cash and Cash Equivalents**

The Phoenix IDA considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents.

#### **Certificates of Deposit**

Certificates of deposit are valued at cost including accrued interest which approximates fair value. The Phoenix IDA intends on holding these certificates to maturity.

#### **Investments**

Investments are stated at fair value based upon quoted market prices. Limited marketability investments, such as private investments and investments in land, are valued based on the price for underlying marketable securities or an estimate of underlying asset fair values as determined in good faith. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the change in net position.

#### **Notes Receivable**

Notes receivable consist of amounts advanced to projects financed in whole or in part by the Phoenix IDA and other entities. Interest on notes receivable is recognized as revenue when earned. The Phoenix IDA does not recognize interest income on notes once they are deemed to be impaired or nonperforming. A note is considered impaired when, based on current information and events, it is probable that the Phoenix IDA will be unable to ultimately collect all amounts due. Nonperforming notes include all notes for which payment of principal and/or interest is more than 90 days past due. Cash receipts are first allocated to interest income, except when such payments are specifically designated by the terms of the note as principal reductions or payment of fees.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Allowance for Notes Receivable**

The allowance for notes receivable is established as losses are estimated to have occurred through a provision for doubtful accounts charged to earnings on a monthly basis and is based on risk. Notes receivable losses are charged against the allowance when management believes the uncollectibility of a notes receivable balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for notes receivable is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the notes receivable in light of historical experience, adverse situations that may affect the borrower's ability to repay, and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

#### **Program Receivables**

Program receivables are stated at the amount management expects to collect under the terms of the contracts and agreements. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a reduction of the related receivables. Management considers all program receivables to be collectible at June 30, 2020.

#### **Capital Assets and Depreciation**

Capital assets are initially recorded at original cost and carried net of accumulated depreciation. Depreciation is provided on the straight-line method based on the estimated useful lives of the property items, which consist of 35 years for buildings and 10 years for any building improvements. The costs of additions and replacements are capitalized. Repairs and maintenance are charged to expense as incurred. Retirements, sales and disposals are recorded by removing the cost and accumulated depreciation from the asset and accumulated depreciation accounts with any resulting gain or loss reflected in general revenues within the statement of activities. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the fair value is less than the carrying amount of the asset, a loss is recognized for the difference.

#### **Net Position**

Net position is reported in two categories: net investment in capital assets and unrestricted net position. The net investment in capital assets is separately reported because these assets are not available for future spending. The remaining net position is unrestricted, of which the board of directors has designated \$25,541,783 of net position for specific uses.

#### **Tax-Exempt Status**

As a political subdivision of the state of Arizona, the Phoenix IDA is exempt from federal and state corporate income taxes. Consequently, no provision for corporate income taxes has been included in the accompanying financial statements.

#### NOTE 2 CASH AND INVESTMENTS

A summary of the Phoenix IDA's cash and investments at June 30, 2020 follows:

\$ 250
9,561,972
16,698,000
26,260,222
 229,748
00 400 070
26,489,970
(4.044.700)
 (1,844,780)
\$ 24.645.190

The Phoenix IDA's investment policy, as approved by the board of directors, is to match investment maturities with cash requirements.

As of June 30, 2020, the Phoenix IDA had certificates of deposit with the following maturities:

	Credit Quality		Less than
	Rating	One Year	
Certificates of Deposit	Nonrated	\$	16,698,000

The above certificates of deposit have original maturities of six months or greater, which are not rated, and management intends to reinvest the monies as they mature.

The calculation of realized gains is independent of the calculation of the net increase in the fair value of investments. Realized gains and losses on investments that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in the fair value of investments reported in the prior year. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year. The Phoenix IDA had \$5,808 realized gains on investments during 2020 and is reflected in Interest Income on the statement of revenues, expenses, and changes in net position.

#### NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Custodial Risk – The Phoenix IDA places its cash with high credit quality financial institutions and generally limits the amount of credit exposure to the amount in excess of the Federal Deposit Insurance Corporation (FDIC) insurance coverage limit. At June 30, 2020, all of the Phoenix IDA's cash accounts were covered by FDIC insurance.

*Interest Rate Risk* – It is the Phoenix IDA's policy to hold investments to maturity and avoid any loss on investments resulting from an early sale or retirement of an investment.

Credit Risk – The Phoenix IDA's investment policies mandate the quality of investments allowable for purchase. Specifically, municipal bonds must have a minimum "P1" rating by Moody's and minimum "A1" rating by Standard & Poor's, or an equivalent by a second major rating agency. In addition, investments in U.S. Government Securities carry an implied AAA rating.

#### **Concentration of Credit Risk**

The Phoenix IDA's Investment Policy limits unreasonable risks inherent in over-weighting in certain financial institutions. In order to comply with its Investment Policy, whereby maturing principal and interest on certificates of deposit (CDs) in any institution should not exceed the \$250,000 FDIC deposit insurance limit, the Phoenix IDA utilizes three types of accounts, the Insured Cash Sweep (ICS), the Certificate of Deposit Account Registry Service (CDARS), and a managed CD account.

The ICS and CDARS services are comprised of a network of member financial institutions that each issue either money market accounts or CDs in increments below the FDIC insurance maximum, thus both principal and interest are FDIC insured. This allows the Phoenix IDA to invest its funds through a wide array of banks by making deposits through ICS and/or CDARS member banks that place the funds through ICS and/or CDARS, while ensuring all of its deposits are federally insured. As a result, the Phoenix IDA has a vastly diverse investment portfolio, and investments in any one banking institution do not exceed 5% of total investments.

Investments through the custodians (KS State Bank and Mutual of Omaha Bank) in the ICS, CDARS, or managed CD account programs are, in actuality, investments made in multiple financial institutions at a level covered by FDIC insurance and, as such, do not individually exceed 5% of total investments.

#### NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### **Assets in Land**

In September 2013, the Phoenix IDA entered into a development agreement with the City of Phoenix to purchase a 50% stake in the proceeds of the future, mutually agreed-upon development or disposition of a different parcel of land also owned by the City of Phoenix for \$370,433. In January 2015, the Phoenix IDA entered into a third separate development agreement with the City of Phoenix to purchase a 90% stake in the proceeds of the future, mutually agreed-upon the development or disposition of another parcel of land also owned by the City of Phoenix for \$2,667,073. The investment in land was sold for \$3,981,624 on September 27, 2019 for a realized gain of \$592,975.

On August 31, 2015, the Phoenix IDA purchased a parcel of land and improvements thereon from the Arizona Department of Economic Security. The Phoenix IDA then transferred title to such land and improvements to its component unit by general warranty deed effective November 30, 2015, to be held for future investment or development. The land was sold on July 19, 2019 for \$2,344,923 resulting in a loss of \$455,078.

#### NOTE 3 FAIR VALUE

In determining fair value, the Phoenix IDA uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

The fair value measurements framework establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The fair value measurements define levels within the hierarchy based on the reliability of inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

### NOTE 3 FAIR VALUE (CONTINUED)

#### NOTE 9 CONTINGENCIES

The Phoenix IDA is periodically involved in various claims arising in the ordinary course of business, none of which, in the opinion of management, if determined adversely against the Phoenix IDA, will have a material adverse effect on the financial condition, results of operations, or liquidity of the Phoenix IDA.

However, the full impact of COVID-19 is unknown and cannot be reasonable estimated as these events are still developing.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
The Industrial Development Authority
of the City of Phoenix, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of The Industrial Development Authority of the City of Phoenix, Arizona, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise The Industrial Development Authority of the City of Phoenix, Arizona's basic financial statements, and have issued our report thereon dated October 15, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The Industrial Development Authority of the City of Phoenix, Arizona's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Industrial Development Authority of the City of Phoenix, Arizona's internal control. Accordingly, we do not express an opinion on the effectiveness of The Industrial Development Authority of the City of Phoenix, Arizona's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Directors
The Industrial Development Authority
of the City of Phoenix, Arizona

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The Industrial Development Authority of the City of Phoenix, Arizona's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
